

# 7th International Conference on Mobile Computing and Sustainable Informatics

ICMCSI 2026

7-9, January 2026

Organised By

**Purbanchal University, Nepal**

**Call for papers**

## Track -1:

- Mobile Computing Systems and Applications
- Ubiquitous Networked Applications
- Mobile Edge Computing
- Mobile Data Management and Applications
- Internet of Things
- Mobile Cloud Computing Models and Applications
- Wearable Mobile Computing
- Mobile and Ubiquitous Computing Architectures
- Mobile Crowdsourcing Techniques
- Energy Efficient Mobile Systems Design
- Novel Software Models for Mobile Devices
- Social Networks and Mobile Web
- Location and Context Sensing Technologies
- Mobile User Interfaces and Interaction Technologies
- Intelligent Infrastructure Support Technologies
- Peer-to-Peer Mobile Networks
- Mobile Adhoc and Sensor Networks
- Energy-Aware Mobile Computing Models
- Sustainable Mobile Network Models and Architectures

## Track -2:

- Sustainable Data Analytics and Modeling
- Sustainable Resource Management Techniques
- Big Data Analytics
- Sustainable Data Mining Techniques
- AI and Computational Intelligence in Sustainable Informatics
- Sustainable Information Retrieval Techniques
- Sustainable Cities
- Energy-Efficient Data Management Techniques
- Mobile User Interfaces and Interaction Models
- Sustainable Developments and Technologies
- Sustainable Information and System Modelling

## Manuscript Submission

Papers should be submitted through email  
**[icmcsiconference@gmail.com](mailto:icmcsiconference@gmail.com)**

## Publication

XPLORE COMPLIANT ISBN: 979-8-3315-5519-1  
DVD ISBN: 979-8-3315-5518-4

All registered and presented papers will be submitted for inclusion into IEEE Xplore.

## Author Ethics:

<https://conferences.ieeeauthorcenter.ieee.org/author-ethics/ethical-requirements/>

## Venue

**Purbanchal University,**

Sundarharaincha,  
Goathgaun,  
Morang, Nepal

## About the Conference

As the mobile communication technologies have experienced a great progress in recent years, mobile computing systems and sustainable informatics technologies have become an integral part in our daily lives. The recent tremendous development in these technologies ranging from mobile edge computing devices, to personalized, embedded and sustainable applications. The 7th International Conference on Mobile Computing and Sustainable Informatics (ICMCSI 2026) organized by Purbanchal University, Nepal on 7-9, January 2026 has significantly contributed to address the unprecedented research advances in the areas of mobile computing and sustainable informatics. ICMCSI 2026 is dedicated to explore the cutting-edge applications of mobile computing and sustainable informatics to enhance the future of mobile applications.

## About - Purbanchal University

Purbanchal University (PU) was established by the government of Nepal in 1994 with the aim of decentralizing higher education and expanding opportunities for education across Nepal. One of the key objectives of PU was to develop higher education in the country in a decentralized manner and extend the reach of higher education to various regions. PU plays a significant role in promoting socio-economic transformation in Nepal through the provision of quality education that is appropriate for a quality life and sustainable future.

## Contact

**Prof. Dr. Pawan Kumar Jha**

Purbanchal University,  
Nepal
